

Article 11 – Signs and Outdoor Advertising

11.1 Objectives and Purpose

This article, which shall be known and may be cited as the Cherokee County Sign Ordinance, is to establish requirements for the placement, installation, and maintenance of signs in order to protect and promote the health, safety, welfare, and general well-being of the citizens of Cherokee County. The zoning regulation of the placement, construction, maintenance of buildings and structures is a valid use of the police power, including the regulation of the placement, installation, and maintenance of signs. Signs must ordinarily be considered structures, and are capable of producing many of the same nuisances as are produced by buildings. The intent of this article to regulate the size, height and number of signs in such a manner as to protect and preserve the aesthetic qualities of the county while promoting traffic safety without causing unsafe conditions.

It is not the intent of this article to apply regulation to signs based upon the message that they convey. It is not the intent of this article to foreclose important and distinct mediums of expression for political, religious or personal messages. Furthermore, it is not the intent of the county, nor any of its boards, commissions, or agents, to regulate, in any manner, the message content of signs, except to the extent of obscenity or other messages prohibited by state or federal law. Accordingly and except as described in the prior sentence, the provisions of this article shall not be construed, interpreted, or enforced so as to regulate signage based upon the content of a sign's message

The Planning and Land Use Department will only oversee the number of signs, height, size and placement of signs. Cherokee County makes no determination or permits signs in regard to on-site or off-site locations. With these objectives and purposes in mind, the intention of this article is to authorize the use of signs that are compatible with their surroundings in terms of zoning, existing land use, and architectural characteristics; are legible and compatible with the type of lawful activities to which the signs pertain in such a manner as to express the identity of the individual properties and/or of the county as a whole.

In addition, the regulation of signs within the county is necessary and in the public interest:

1. To protect property values within the county.
2. To protect the motoring public from damage or injury caused or partially attributable to distractions or obstructions from improperly designed or situated signs.
3. To promote the economic well-being of Cherokee County by creating a favorable physical image.
4. To improve the legibility and effectiveness of all permitted signs.
5. To allow individuals equal and fair opportunity to advertise and promote their products and services without discrimination.
6. To eliminate excessive signage.
7. To protect the right of citizens to enjoy Cherokee County's natural scenic beauty.
8. To encourage economic development within the county.

9. To regulate the construction, erection, maintenance and size of signs that may constitute a direct danger to pedestrians and property.
10. To preserve and promote the public health, safety and welfare in Cherokee County.

11.2 Jurisdiction and Applicability of Code Requirements

- A. This article shall apply to all properties within the unincorporated areas of Cherokee County, Georgia. This article shall not relate to the copy or message on a sign within the unincorporated areas of Cherokee County.
- B. All signs and other advertising structures shall be constructed and maintained in conformance with the building and electrical codes adopted by Cherokee County.
- C. If any provisions or requirements of this article are in conflict with any other provision or requirement of this ordinance or any other applicable governmental law, ordinance, resolution, rule or other governmental regulation or any kind, the more restrictive rule or standard takes precedence.

11.3 Appeals and Variances

- A. Appeals –
 1. A person whose permit application has been denied or a permittee whose permit has been revoked may appeal the decision of the Planning Director or his/her designee to the Zoning Board of Appeals, pursuant to Article 15 of this Ordinance.
 2. Appeals of the decision of the Zoning Board of Appeals are made to the Board of Commissioners pursuant to Article 15.8.
 3. Certiorari. In the event a person whose permit has been denied or revoked is dissatisfied with the decision of the Board of Commissioners, he/she may petition for writ of certiorari to the Superior Court of County as provided by law.
- B. Variances –

Variances other than with respect to the frequency by which the image on an electronic sign may change may be requested. All such variances shall be considered and decided by the Cherokee County Zoning Board of Appeals in accordance with officially adopted procedures and standards contained in Article 15 of the Cherokee County Zoning Ordinance.

11.4 Definitions

Words and phrases used in this ordinance have the meanings defined in this section. In addition, words and phrases not defined in this section, but defined in the Zoning Ordinance of the county shall be given the meanings as set forth in such ordinance.

WALL SIGN - Any sign affixed or attached to a wall of a building in such a way that the wall becomes the supporting structure for the sign, extending no more than 12" beyond the wall and which displays only one sign surface.

WEEKEND SIGN - A temporary sign that may be erected and maintained for a limited time as prescribed in Section 11.7 of this article.

WINDOW SIGN - Any sign placed inside or upon a window, and intended to be seen from the exterior.

11.5 General Provisions

11.5-1 Permitting Requirements:

A. Except as specifically exempted from the provisions of this article, a person or firm may not legally post, display, enlarge, erect, move or substantially change a sign without first obtaining a sign permit from the Planning Director or his/her designee. A change in the copy only of a sign or advertising device does not constitute a substantial change.

B. Permit Application. Applications for sign permits shall be filed by the sign owner or his agent with the Planning Director or his/her designee upon forms furnished by the county. Applications shall describe and justify the following:

1. The type of the sign as defined in this ordinance.
2. The value of the sign.
3. The street address and zoning designation of the property where the sign is to be located and the proposed location of the sign on the property.
4. The square foot area per sign and the aggregate square foot area if there is more than one sign face.
5. The name(s) and address(es) of the owner(s) of the real property upon which the subject sign is to be located.
6. Written consent of the owner, or his agent, granting property upon which the subject sign is to be located.
7. For freestanding signs: a site plan drawn to scale, showing the proposed location of all primary and accessory ground sign(s) on subject property. The site plan includes a closed boundary survey of the property, gross acreage, the proposed sign location, street right-of-way lines, public or private easements, driveway locations and parking spaces.
8. For all signs: A sketch or print drawn to scale showing all dimensions with pertinent information such as wind pressure requirements and display materials in accordance with the International Building Code as adopted by Cherokee County.

9. Name, address, phone number and business license number of the sign contractor.
10. All applicants for electrical signs must obtain an electrical permit.
11. A written agreement to indemnify and hold the county harmless of all damages, demands or expenses of every type which may in any manner be caused by the sign or sign structure.

C. Fees. No permit shall be issued until the appropriate application has been filed with the Planning Director or his/her designee. Such application shall not be deemed complete until all of the information required by this Section has been submitted and all permit fees have been paid as adopted by the Board of Commissioners and as amended from time to time.

D. The Planning Director or his/her designee shall grant a completed application if the proposed sign meets the requirements of this article.

E. The Planning Director or his/her designee shall provide written notice of the granting or denial of an application with thirty (30) business days following submission of a completed application. In the event no action is taken within thirty (30) business days, the application shall be deemed granted.

F. Permit Expiration. A sign permit shall become null and void if construction of the sign has not begun within a period of two (2) months from the date of issuance and completed within six (6) months from the date of issuance. Issuance of a sign permit shall in no way prevent the county from later declaring the sign to be nonconforming or unlawful with further review of available information, if the sign is found not to comply with the requirements of this ordinance.

11.5-2 Construction, Maintenance Requirements:

- A. Erecting or placing any sign that does not conform to the requirements of this ordinance is unlawful.
- B. All signs for which a permit is required, together with all their supports, braces, guys and anchors shall be kept in constant repair. Signs shall be kept clean, neatly painted and maintained at all times so as not to be detrimental to public health and safety.
- C. No trash shall be allowed to accumulate in the area around a sign and all weeds shall be kept out.

11.5-3 Lighting Requirements:

- A. Lighted, neon or luminous signs giving off light resulting in glare, blinding or any other such adverse effect on traffic shall not be erected or maintained.
- B. The light from illuminated signs shall be established in such a way that adjacent properties and roadways are not adversely affected and that no direct light is cast upon adjacent properties and roadways. Lighting shall not be directed skyward.
- C. No illuminated signs shall be constructed or maintained within fifty (50) feet of any residential district or dwelling, except within the TND district.

D. Signs with flashing, intermittent or animated illumination or effect shall be excluded from all districts except as defined under Section 11.5-5 (I).

E. No sign shall be erected which simulates or hides from view any traffic or street sign or signal.

11.5-4 Height Requirements:

The height requirements of a sign shall be computed as the distance from the base of the sign at normal grade to the highest attached component of the sign or sign structure, whichever is higher. Normal grade shall be construed to be the lower of (1) existing grade prior to construction or (2) the newly established grade after construction, exclusive of any filling, berming, mounding or excavating solely for the purpose of locating the sign. In cases in which the normal grade cannot reasonably be determined, sign height shall be computed on the assumption that the elevation of the normal grade, at the base of the sign, is equal to the elevation of the nearest point of the crown of a public road. Refer to Table 11.1 for specific height limits and requirements.

11.5-5 Additional Requirements:

A. It shall be the responsibility of the property owner to remove, replace or repair an abandoned sign and/or sign structure within thirty (30) days of written notification from the Planning Director or his/her designee. After which time, the county may cause the removal of the sign at the property owner's expense.

B. No sign shall be erected or maintained which obstructs any fire escape, any means of escape or ventilation, or which prevents free passage from one part of a roof to any other part thereof; nor shall any sign be attached in any form, shape or manner to a fire escape.

C. No sign shall be erected, maintained, painted, drawn or attached to any utility pole, rock, tree or any other natural feature.

D. It shall be unlawful to post any signs or advertisements on any building, or other property belonging to another person without the written consent of the owner thereof. Such consent shall be included with the sign permit application.

(Ord. 2016-O-001, 02-02-2016)

E. All signs shall be located on or over private property only, except those specifically permitted by this article.

F. All signs shall be erected in such a manner as to not interfere with or obstruct the view of any authorized traffic sign, signal or device.

G. All signs shall be located in such a way that they maintain horizontal and vertical clearance from all overhead utilities in accordance with International Electrical Code specification. In no case shall any sign be installed within five (5) feet horizontally or vertically from an overhead utility line or utility guy wire.

H. Corner Visibility Clearance: Freestanding signs near driveways and development entrances shall be sited in accordance with safety conditions as required by the Cherokee County Engineering Department.

I. Electronic signs. Electronic signs may be used in accordance with the following provisions, provided that legal non-conforming freestanding signs shall not be converted to electronic signs except in accordance with the provisions of this article.

1. The following shall apply to all electronic signs:
 - a. Electronic signs shall only be used as freestanding signs and shall not be allowed as canopy, wall or awning signs as defined in this ordinance.
 - b. Electronic signs shall contain static messages only, and shall not have movement nor flashing on any part of the sign structure, design, or pictorial segment of the sign, nor shall such sign have varying light intensity during the display of any single message. Transitions between messages shall not use frame effects or other methods which result in movement of a displayed image during such transition.
 - c. Electronic signs must operate within brightness levels as established in this ordinance.
 - d. Each sign must have a light sensing device that will adjust the brightness of the display as the natural ambient light conditions change.
 - e. The owner of said electronic sign shall provide to the Development Service Director, information for a 24-hour contact able to turn off the electronic sign promptly if a malfunction occurs. If, at any time more than 50 percent of the digital display lights malfunction or are no longer working, the owner of said electronic sign shall turn off the electronic display until repairs are made.
 - f. In the course of processing a complaint, the staff of Cherokee County may request a certification of the brightness (under measurement conditions) by an independent contractor (if such has not been certified within the preceding 12 months). If this investigation and certification indicates that the electronic sign exceeds the brightness levels specified in this ordinance, the owner of the sign, within 24 hours of a request by the staff of Cherokee County, shall turn off the sign until the brightness of the sign is corrected to comply with this ordinance at owner's expense.
 - g. Any electronic sign whose face or structure is physically removed for whatever cause must alter the sign to comply with this ordinance.
 - h. No electronic sign shall utilize, house or contain any interactive features or components, or function as an interactive sign.
 - i. Electronic signs shall not be allowed in residential zones.
2. Electronic signs located on non-residentially zoned property: Electronic signs may be utilized for and in conjunction with any sign permitted by this ordinance on non-residentially zoned property, provided that each such electronic sign shall comply with the following requirements in addition to and in conjunction with those specified in subsection (1) hereinabove:
 - a. Must be located on a property/lot with at least 200 feet of public road frontage on one road (if abutting more than one public road, sign may only be erected along a road with more than 200 feet of frontage) and cannot be

within 200 feet of another electronic sign that may be permitted on the same property/lot. For the purposes of measurement, mitered corners will not be included in road frontage calculations.

- b. Electronic messaging portion of sign shall not exceed 32 square feet per allowable sign area and may not have more than two electronic sign areas per sign.
 - c. Each individual static message must be displayed for not less than 60 seconds.
 - d. Electronic signs located on non-residentially zoned property may not operate at brightness levels of more than 0.20 foot candles above ambient light levels (at measurement conditions) as measured at a distance of 125 feet.
 - e. If the electronic sign is located in the line of sight of a residentially occupied structure on a residentially zoned property, such electronic sign shall not operate at brightness levels of more than 0.1 foot candles above ambient light levels (at measurement conditions) as measured at the nearest portion of such residential structure.
3. Notwithstanding any provisions otherwise providing for variance to the terms and limitations in the zoning ordinance, the limitation on the frequency by which the image on an electronic sign may change shall not be subject to variance other than by amendment to this section.

11.6 Permitted Signs by Type and Zoning District

The following signs are allowed with a permit:

1. Commercial and industrial lots in the OI, CP, NC, GC, LI & HI zoning districts are allowed three (3) signs. Only one of the three can be a freestanding sign. A business within a shopping center can have a maximum of two (2) signs. The shopping center is allowed the freestanding sign. Freestanding signs are limited to one hundred twenty (120) square feet with a maximum height of thirty-five (35) feet.

Freestanding Signs on Commercial or Industrial lots

- a. Freestanding signs on commercial or industrial lots must be built in the monument style.
 - b. All residential uses on a commercial or industrial lot must cease prior to the erection of a commercial-size freestanding sign.
2. Property in agriculture and residential zoning districts of three (3) acres or greater is allowed one (1) freestanding sign limited to thirty-two (32) square feet with a maximum height of eight (8) feet. Agricultural and residential districts of less than three (3) acres are allowed one freestanding sign limited to four (4) square feet with a maximum height of eight (8) feet. The following land uses are allowed one (1) freestanding sign limited to thirty-two 32 square feet with a maximum height of eight (8) feet:

- a. Permitted commercial establishments and institutions within agriculture (AG) district.
- b. Permitted institutions within residential zoning districts.

(Ord. 2016-O-001, 02-02-2016)

3. Development Entrances - Signs shall be constructed in a monument style with a maximum height of ten (10) feet. The copy area shall be limited to a total of 64 square feet for two (2) signs flanking the either side of the entrance or a maximum of 32 square feet per sign. In lieu of two (2) flanking signs, one double-faced sign with a maximum of 50 square feet may be permitted. There are to be no signs on islands within a public ROW.
4. If the parcel has two street frontages, two freestanding signs are allowed in any zoning district. Each freestanding sign must be located on a different road frontage. The freestanding signs must be separated by a minimum of 200 feet measured by a straight line drawn between the closest point of each sign.

11.7 Exempt Signs

Except as otherwise provided, the following may be erected without securing a permit. Such exempt signs shall not be considered in determining the allowable number or size of signs per zoning on a lot. However, the signs must comply with all other applicable sections of this article and applicable codes and regulations.

1. One (1) plaque for each establishment not to exceed two (2) square feet in area.
2. One (1) separate identification sign for each establishment when affixed to a building wall or window and limited to a maximum size of four (4) square feet. The purpose of this sign is to identify the establishment's property number (address), suite or unit number for public safety and /or law enforcement response.
3. One (1) informational bulletin board affixed to a building wall. Bulletin boards may not exceed thirty-two (32) square feet in area.
4. Traffic, directional, warning or official notices that otherwise meet the location, size and height requirements of the ordinance.
5. Flags.
 - a. Each lot shall be allowed a maximum of three (3) flagpoles with a maximum height of 30 feet each unless a variance is obtained pursuant to the Zoning Ordinance.
 - b. A maximum of two (2) flags shall be allowed per flagpole not to exceed forty (40) square feet in area per flag.
 - c. A vertical flagpole must be set back from the property boundaries a distance which is at least equal to the height of the flagpole.
 - d. Flags and flagpoles shall be maintained in good repair, and to the extent applicable shall be in compliance with the building code. Flagpoles with broken halyards shall not be used and flags which are torn or frayed shall not be displayed.

6. Integral decorative or architectural features of buildings, except letters, trademarks, moving parts or moving lights.

7. A sign per entrance / exit onto the property not exceeding two (2) square feet

8. Temporary Signs are subject to the following provisions:

a. General Provisions:

Zoning Districts: Signs shall be allowed in all zoning districts.

Property Owner Permission Required: Temporary Signs do not require a permit or a permit fee. Such signs shall be located not closer than one foot from any publicly maintained right-of-way or easement, shall not be located in any medians and must have the permission of the property owner(s). In any instance where permission is in doubt, proof of such permission must be presented to the Director of the Department of Planning and Land Use upon such request.

b. Information Signs:

1. Number: Limited to one (1) sign per parcel of property.

Size and Height: In commercial and industrial zoning districts, the maximum area per sign face shall be thirty-two (32) square feet and a maximum height of eight (8) feet. The maximum area of the sign in all other districts shall be four (4) square feet and the maximum height shall be eight (8) feet. Notwithstanding the previous sentence, each parcel of three (3) acres or greater in agriculture and residential zoning districts is allowed one (1) freestanding sign limited to thirty-two (32) square feet with a maximum height of eight (8) feet. Such signs may be double-faced; shall not be affixed in any manner of trees, natural objects, street light poles, utility poles, other signs or other sign structures.

Time Limit: All informational signs shall be removed within thirty (30) days of sign being erected.

Other Provisions: Brochures/information boxes may be allowed with a maximum of 1 brochure/information box per parcel of land. Banners may be used as information signs as long as all requirements of this subsection are met.

2. Notwithstanding subsection (b)(1) above, additional information signs shall be permitted as described herein:

Number: Limited to 15 per parcel of property.

Time Allowed: Shall be allowed during the period beginning 60 days preceding 1) the date of qualification of candidates for public office or 2) the date of legislative action calling for a referendum election or ballot question (the "commencement date") until 30 days after the date of the final determination of an election to which such commencement date applies. The responsibility to remove all such signs is on the sign placer. The description of the time period during which such additional information signs may be

erected and maintained shall not be construed as a limitation on the content of such signs.

Size and Height and Materials: Shall not exceed the sign area per face as described below for the property's zoning district and eight (8) feet in height. Such signs may be double-faced; shall not be affixed in any manner of trees, natural objects, street light poles, utility poles, other signs or other sign structures; and shall be made of metal, plastic, laminated cardboard or some other durable and waterproof material.
